These Are The Days . . . We'll Remember

Queens College Arete 1994 Volume XI

When students returned to Queens this year, they were very surprised to learn that the Diana statue had gained some sort of bronzed tan over the summer . . . and so the debate began. Should Diana remain green, the color she achieved over many years, or should she continue to have the green residue removed to uncover her bronzed beauty? In either case, Diana will continue to serve as a landmark to Queens students, as she brazenly aims for the sky with her arrow!

These Are The Days . . . We'll Remember!!!

Whether they're participating in a drama production, sports, Greek life, clubs or academics, Queens students are always on the go! With so much activity, one might believe we don't have time for fun. But fun is what Queens students do best after a hard day's work, as we try to make it to one more weekend — and These Are The Days . . .

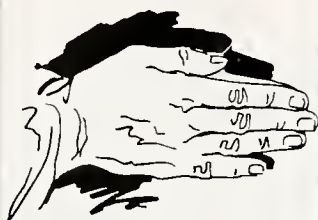

Sophomore Mike Best gives his best Beavis impersonation. Mike, a History major, is a member of Pi Kappa Phi Fraternity and is known at Queens for his radical political views, right Mr. Anarchy . . . er, Mr. Best?

Juniors Kelli Shirbish and Alex Thomas find time to play with Rex at the 1st Annual Homecoming game against Wofford College.

"I'm too sexy for my hair" . . . Tiffany Parker and Tim McPherson make "Shampoo Do's" at the Beach. Look out Vidal Sassoon!

Dr. Diane Mowrey is not just our chaplain at Queens. She is very involved in the community and student's lives. Here, she is seen at the Homecoming game.

In Loving Memory

An Ode to Roy

I came in the stark winter.
All the trees were bare.
Lady Diana more statuesque without your laughter.
My hope was to find traces of happy times.
There were none.
Giant oaks stood tall-arms outstretched holding dismal
Clouds covering the campus in solitude.

We arrived from the holiday bringing laughter,
Renewed faith, and rekindled friendships —
Our hope was strong.
They spoke of your strength and vitality —
I only knew your smile.

You chose to leave so soon,
Leaving unanswered questions —
The New Year only an infant.
Now the tiny crocuses are blooming
Holding their faces sunward.
Would Spring have made a difference?

— Miriam P. Smith

Dearest Roy,

We love you so much and only wish we could tell you. You will always remain in our thoughts and in our hearts. Your smile will always be remembered.

Lovingly,
Your Queens College Family

STUDENT LIFE

Take A Walk On The Wild Side!

Freshmen Jody Rimmer and Aly Harbour enjoy each other's company at a gathering in Harris Dorm. Jody came to Queens first semester and Aly transferred here second semester. Both are from Huntington, West Virginia. They seem to have adjusted to Queens quite well!

Whether we're going to concerts, sports events, or just dressing up for a Toga Party or hanging out at the "All-Night K-Mart," Queens students are always busy. This year, we enjoyed Lenny Kravitz, Janet Jackson, Carrot Top, and the NCAA Final Four in Charlotte!

Katie Currin is a Freshman at Queens and enjoys playing basketball as a Lady Royal almost as much as she enjoys attending the Annual Pi Kappa Phi Toga Party. Party On, Katie!

BORN TO RIDE — Miss Jeanne Anne Baughman, Queens College Sophomore and Biker Chick, smiles as she shows us her favorite hobby — riding the Kiddie Rides at the Super K-Mart store on Independence Blvd.

Christmas Traditions

At Queens, tradition is very important . . . especially when it comes to the Christmas traditions that students, faculty, and staff look forward to each year. Santa made his annual visit to Burwell Parlor to make his list of who's naughty and nice.

The Boar's Head Feast, which is organized by the Janusian Order, was celebrated on Thursday with a fanfare of entertainment by the Queens College Chorale and a talented student dance group.

Dressed in traditional Medieval

clothing, the Mortar Board made the procession through Morrison Hall, carrying banners, tambourines, and candelabra. Finally, the Boar's Head was presented by SGA President Holly Dickson and Senior Class President Courtenay Taylor. After dinner, Drs. Eldridge and Terrana carried the yule log to the center of the dorm quad, followed by students carrying holly leaves. Tradition calls for students to throw the holly into the fire to get rid of all the bad things of the past year.

Christmas at Queens ended with a

beautiful ceremony called the Moravian Love Feast, organized by Carrie Hunt, Religious Events Chair. The Chorale sang once again and Dr. Diane Mowrey led the students in a religious celebration of Christmas. Everyone took part in eating the Moravian buns, and drinking the coffee.

After the ceremony in Belk Chapel, everyone sang carols around the tree on Burwell lawn. Lighted candles from the vigil perfected the joyous moment.

"It was a lot more funny being on the processional side of Boar's Head. I liked wearing those silly clothes." — Amy Stout

Courtenay Taylor (Sr. Class Pres.) and Holly Dickson (SGA Pres.) carry the Boar's Head through Morrison Hall in celebration of the traditional Boar's Head Feast.

At Queens College

(Left) Dr. Eldridge and Dr. Terrana carry the yule log to the Dorm Quad to begin the traditional Yule Log ceremony.

Freshmen Esther Kim and Lisa Butcher share their first Moravian Love Feast in the Chapel.

(Above) Allison Whitten, April Amos, Jeanne Anne Baughman, and Julie Janorschke are really in the holiday spirit! (Left) Carrie, Yemi, Robin, Tisha, Jennifer, Tammy, Esther, and Eowyn sing carols as Russ tries to keep the bonfire under control.

Make Way For

Queens College's Royal Prince

Exiting Royal Prince, Senior Kenneth Perrin sings one last song before crowning the new Prince. The Royal Prince contest is an annual event sponsored by Students For Black Awareness.

AND THE WINNER IS . . . Robin Walker!!!! Robin was so excited to be crowned the new Royal Prince and that he never really expected to win. Robin is a Sophomore at Queens and is very talented!

The Contestants: Chris Prestridge, Maurice Ravenell, Rob Holt, Thomas Edwards, and Andrew Brownfield.

More Contestants: Robin Walker (Royal Prince 1994), Thomas (TJ) Lewis, Keeron Emmanuel, John Salewski, and Maurice Sadler. How Dapper these Dons are!!

The Royal Prince Contest is more than a display of masculinity and great looks. These men also competed in talent competitions — and what talent we found. Pictured here, Chris Prestridge sings a beautiful song he wrote for his girlfriend, Tiffany Parker!

"Oh No, It's Wendy!"

It was the night Queens College had been waiting for — March 17, 1994 when Carrot Top played to a sold out audience!!

You damn chair." Carrot Top played to a packed Dana Auditorium in the concert that student Activities Director Brian Honeycutt and College Union booked over a year ago. Nobody can dispute the absolute hysteria this man created on our campus!

What's That New Building?

What's the new building on campus? You know, the one that looks like something out of Homer's *The Iliad*? The Trexler Building replaces the Blair Building as the College's Student Center. It houses the snack bar, now named Cafe Rex, as well as a big-screen TV, a jukebox, pool tables, and games. There is also a dining area and several meeting rooms, including a formal dining room. In addition, the Bookstore was renovated and the Post Office was moved from the Vail Building to the Basement of Trexler, making everything in one place, which is more convenient for everyone. Trexler has become the center of student activity on campus. Homer would be proud!

Oh, Lelia! You're Breaking My Heart . . . Lelia is our favorite person in the snack bar. She is always so friendly!!

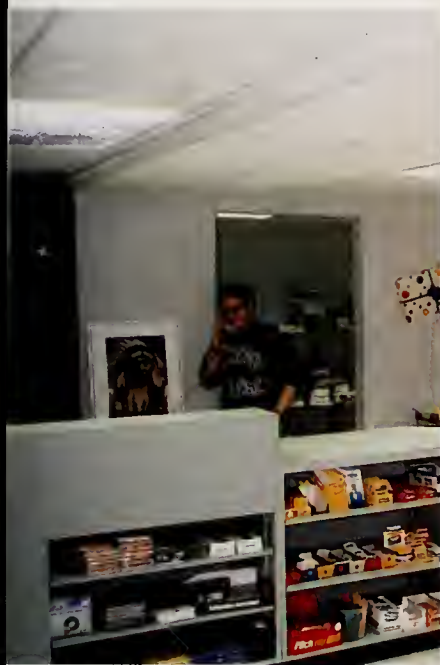

Miriam Smith became the school's first Concierge this year. She helps students with many things like travel plans, ordering flowers, and dry cleaning, as well as always having that great smile and some Tylenol for us when we've had a bad day!

Show & TELL

Memorable Changes

This is the new Bookstore where students found that lines were moving much faster when it came time to buy books. It's Great!

"Bookstore Terry" is the manager of the Queens College Bookstore and does a wonderful job. She's also very entertaining!

Adrian Borrelli is a Queens student who works in the Queens College Bookstore. He seems to have adjusted to the bright new look of the store. Some of us remember the old dungeon that used to house the bookstore. The new renovation was part of the overall changes made last summer, including the new Trexler Center.

Dave Peterson loves his new second home. Mr. Peterson is our friendly face in the new Post Office. Hey, is the mail up yet?

"I don't feel like I'm in the dungeon anymore."

— Dave Peterson

Alex Thomas, Ken Higgins, Ercel Carter and Emily Burningham share a memorable moment at the Alpha Delta Pi House. Smile Everybody!

T.R. Sanford contemplates eating some of that delicious food from the "Cafe Teria" as Vic Johnson warns him, "Don't Do It." HOME COOKING?!

There Was A Party Going On In There! Leslie Curtin, Kelly Hamilton, Martha Heisler, Kristy Jolly, and Jennifer Houcke will definitely remember this!

Sophomore Basketball player, Thomas Edwards gives his girlfriend, Jawanza Dunbar a warm hug after the Homecoming Game against Wofford. Jawanza was on the court and was sponsored by Alpha Phi Alpha Fraternity!

Time Of Our Lives . . . Making Memories

Every student at Queens is busy with something in some form. We have the option of watching things happen or making things happen. There are a lot of doers here, making us diverse.

Rodney Levy, Ken Wu, and O'Mar Lanier show us what it's like to be very involved. Sometimes we don't get sleep for several days at a time, right Ken?

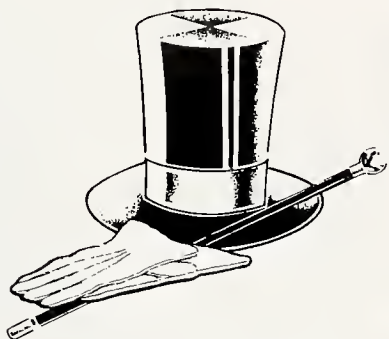

Caroline Cave, Dan Elmaleh, Esther Kim, Shannon Martin, Wendy Kolvek, Amy Stout, "Geeky Brian", Brian Honeycutt, Erin Bise, and Matt Heslin prepare for the Disney Trip during Fall Break!

This is the Life! Of course relaxing is everyone's favorite activity, as Susan Powell confidently demonstrates: Backpack under head and remote control on tummy!

Casino party

Puttin' on the Ritz

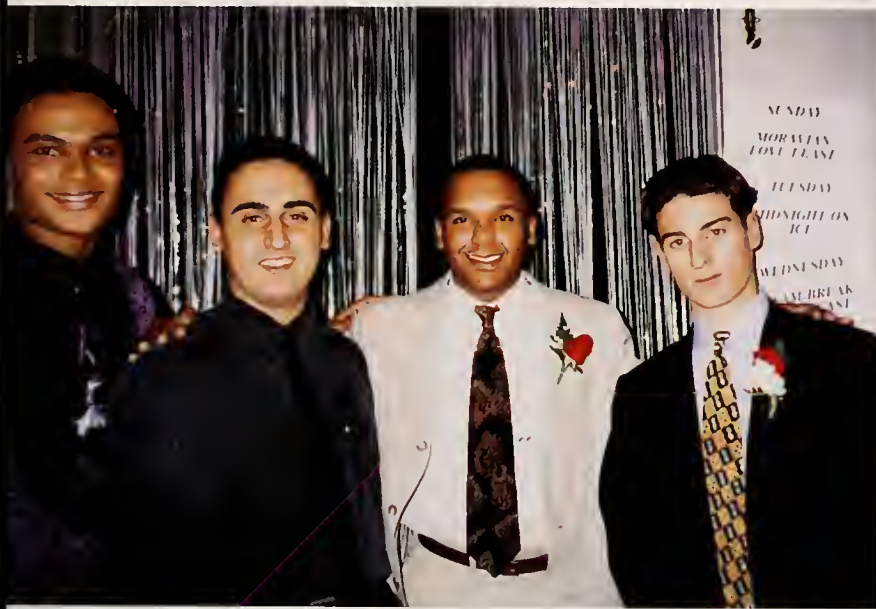

Casino Party took place on Dec. 4, 1993 in Morrison Dining Hall. The traditional Black Tie scene was set up like a Las Vegas Casino complete with several Black Jack tables and card games around the room. Each table was manned by some of Queens' favorite professors, like Dr. Seelbinder. A live band played while students collected chips to cash in for prizes!

Sophisticated Ladies: Jawanza Dunbar, Tamara Willis, Tyra Cooper, and Athena Williams are dressed to impress at Casino Party 1993!!!

Dr. Emily Seelbinder was one of the many professors who loyally puts forth an effort to help make Casino Party at Queens a success. Thanks to you and all others for your help

Tracy Fortune shows her Cover Girl smile in her room in Wallace.

Rhythm of the People

The reason everyone gets excited about going back to school in the fall is not the classes — it's the PEOPLE!! It's who we live with and play with from August until May that really counts! Most of us write each other during the summer months and spend mucho dinero on phone bills, calling our new-found "College Families." Right: Susan Blackwell and Courtney Taylor!

After a while you learn the subtle difference
Between holding a hand and chaining a soul.
And you learn that love doesn't mean learning
And company doesn't mean security.
And you begin to learn that kisses aren't contracts
And presents aren't promises.
And you begin to accept your defeats
With your head high and your eyes open,
With the grace of an adult, not the grief of a child.
And you learn to build all your roads on today
Because tomorrow's ground is too uncertain for plans
And futures have a way of falling down in mid-flight.
And after a while you learn that even sunshine
Burns if you get too much.
So you plant your own garden and decorate your own
soul,
Instead of waiting for someone to bring you flowers.
And you learn that you really can endure . . .
That you really do have worth.
And you learn and learn . . .
With every goodbye you learn.

SPORTS

A Wide, Wide World

Men's Basketball

The Men's Basketball team set two goals for this season. First — to make a strong team. Coach Dale Layer stated, "We're definitely in a rebuilding year." The other goal was to run a successful program. The Royals were led this year by two returning seniors — Evan Ageloff and Darrell Timberlake. Evan was often considered the inspirational leader of the team and was a natural in the role. Ageloff received many floor burns and bruises during his career at Queens. It seemed as if it was always #51 chasing a loose ball or coming down with a much-needed rebound. Even while on the bench, Evan could not contain his strong emotion for Royals basketball.

On the other hand, Darrell Timberlake was a leader, in a different sense. He was a player who could play each game and put up consistent numbers in both rebound-

ing and scoring. He helped keep the team under control. He had the ability to score from either inside or outside — whichever was needed at that moment.

These two leaders were also there to help the upcoming players of the team. This year, Coach Layer had a large but somewhat inexperienced rotation. The team progressed and began to gel both offensively and defensively. The highlight of the season was the team's victory over Nationally Ranked Wofford College. This victory occurred at the Royal's First Annual Homecoming. This set in motion the beginning of a fantastic Homecoming tradition with a forecast of many more victories in the future. The team has high hopes and aspirations for next year. With the strong players who will be returning, it looks like their dreams will be fulfilled!

Men's Soccer

After two seasons with National recognition from the NCAA Division II top twenty poll, the Queens College Royals Men's Soccer team finished with a disappointing season. A record of 9-9 was upsetting for the six seniors who started the program from scratch in 1990. However, the men's soccer record was misleading because the team played a tough schedule. The men lost to national powers such as: USC — Spartanburg, Lander, and Lynn. On the other hand, Queens beat other great teams. The men upset 17th ranked Rollins 2-0 on the road and defeated NAIA-ranked Wheeling Jesuit 4-3 at home. Another sweet victory was the 2-1 win in overtime against Division I Wake Forest.

Throughout the hard times, the team was able to keep the unity that allowed them to go on and win six of the last seven matches. With a good recruiting year, as well as the many experienced players who will be returning, the Royals Men's Soccer team for the 1994-1995 season looks tough and hard to beat.

"An extremely tough schedule hurt this young team in the first half of the season, but they maintained confidence in themselves and finished the season strong. The men were determined to preserve the string of never having a losing season at Queens. They accomplished that goal by winning 6 of the last 7 games." — Coach Norchi

The soccer team has seen some new changes and faces this season as Coach Fred Norchi took on the assistance of Coach Paul Webster. Norchi, Webster, and Assistant Coach Alvin Thomas coached the Lady Royals soccer team to end their season ranking 15th in the nation!

"We have a very talented team with a great future. Queens is fortunate to have such a quality group of ladies to build the program from scratch. A tough schedule and inexperience will probably put us at a 500 season, but the team is capable of better."

Their Own

Queens College has its own Softball teams this year. Fourteen girls from Florida, New Hampshire, West Virginia, Virginia, Pennsylvania, and South Carolina came to Queens as freshmen to represent the college through their tremendous talent. The Royals entered their first season of competition this spring. They are very excited about the new program after a victorious record with the fall schedule. The team defeated UNCC and won the Wingate Classic finishing with a record of 5-1. Queens will start spring season with a game at Wingate on February 14 and will play its home opener against Emory-Rhine on February 15. The Royals also competed in the St. Leo College Tournament. — Hayxa Garlo

For a first year team, we are doing very well. We have a good offense, but our weak point is our defense. The team's future looks bright. We have guaranteed ourselves a winning season. — Martha Laura Harper

Our team gets along really well. I was surprised at our victory against Berry and Spartanburg (both nationally ranked teams). We are always able to come back when we are behind, but we need to learn to be consistent and support each other. — Marci Turso

"We're going to miss the seniors, of course, but we will still stay on top. We're going to take next year to the extremes because of the talent of the entire team. High expectations are going to be set and we're going to meet them."

Coach Baker

Being on the cheerleader squad has been definitely interesting. We've had our ups and downs, but we've put a lot of hard work and time into the season. I think considering we didn't have a coach, we did well this season.

Sophomore Tracy Devore
We were a very diverse squad. Some people had never cheered before and others had years of experience, but together we hung in there and gave our best. We started shaky but when it came down to it, we came together when we needed to. I think I learned the meaning of teamwork this year.

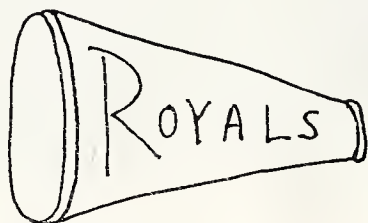

Freshman Monica Pettiford
This was a great, wonderful experience. It has been hard but it was a successful year and I hope to be back for more next year. Thanks to all on the squad who put up with me.

Freshmen Eowyn Johnson
I really had a great time cheerleading for the basketball games this season. I only wish the fans were a little more supportive of us.

Freshman Mikal Ison
The experience was one to be treasured. Times got hard sometimes, but we pulled through. It was hard to be a cheerleader because of the limit of fan participation, but we knew "spirit" and "support" was our job to the teams and to ourselves. We wanted to prove it could be done.

Sophomore Athena S. Williams
It was hard to balance the plays with cheerleading, but I pulled through. I will always remember this experience for years to come, good and bad.

Junior Tyra Cooper

The Royal Cheerleaders: (Front Row L-R) Cassie Sutherland, Tracy Devore, Athena Williams, and Tamara Willis. (Back Row L-R) Mikal Ison, Eowyn Johnson, Tyra Cooper, Annette Miller, and Amy Bache.

"All right, fans we've been up here for ten minutes and you still haven't helped us out. We know you can holler and yell. You do it everyday when you're not sleeping. COME ON, FANS, YELL 'LET'S GO ROYALS!!'"

pretty as a picture, the girls show their talent for smiles and hugs. Front Row L-R) Monica Pettiford, Mikal Ison, Tracy Devore, Annette Miller. (Back Row L-R) Athena Williams, Tyra Cooper, Amy Lache, and Eowyn Johnson.

Hip Hop Hurray!! The Queens Royals have added one more member to the Royals athletic family . . . The Royalette Cheerleaders. Years have come and gone without the spirit of these peppy girls. The blue and white led the Royal fans and teams to chants and cheers. Even without a coach, they pulled through with a successful year, despite the limited range of experience among the members. The cheerleaders had a challenging year. The fans were not used to seeing these girls and they had trouble getting uniforms, but they did not let these obstacles hinder them from the joy they were committed to do. They soon learned through trial and error that anything can be accomplished. When these ladies weren't cheering, spectators could definitely notice the difference at the games. The fans seemed lost and dead without them. But when they were there, the fans were in rare performance when the time called for fan support. The team benefitted from the cheerleaders' support. They occasionally got the chance to see live performances. To all the cheerleaders: HOPE TO SEE YOU ALL NEXT YEAR. THE FANS' SPIRIT WOULD EQUAL NOTHING WITHOUT THE SHOUTS AND STUNTS. GOOD LUCK NEXT TIME!

— Athena S. Williams

"1-2-3. We know we got it. Now, it's time for ya'll to get it. Either jump and yell with us like fools or clap your hands!"

"Those girls got it going on! But why is she laughing at the crowd?" We're supposed to be laughing at them. Maybe he should put on a skirt. I'll be he can look as good as them."

"Okay, let's try something new." The Royal Cheerleaders decide to break down their routine. Special words to the opposition. Now take that!

Queens College

Alpha Delta Pi

Alpha Delta Pi was founded in 1851 at Wesleyan Female College in Macon, Georgia. The original name for this distinctive group of young women was the Adelpian Society and the name was later changed to Alpha Delta Pi. The sisters of Alpha Delta Pi sorority at Queens College have worked very hard this year to support their national philanthropy — The Ronald McDonald House, which is a network of housing units set up by the McDonald's Corporation in which families of ill children can stay while the child is in the hospital. These ladies also serve our local community well in their many service projects, including Festival in the Park, Habitat for Humanity, and the Queens College Phonathon.

These excited Alpha Delta Pi's are anxiously waiting for their new pledges on Bid Night.

Seniors Amy O'Hara and Holly Dickson know when it's time to take study break and bond.

New pledges, Amber Smith, Denise Brumbaugh, Lorraine Crossley, Gina Davis, Emily Hanson, and Marcy Meier form a group hug on Bid Night.

Alpha Kappa Alpha Sorority

Although no recent photos are available for Alpha Kappa Alpha Sorority, these ladies are still active on our campus. Lisa Walker served as President of Inter-Greek council and both Lisa and Phyllis gave a seminar on Sexually Transmitted Diseases, titled "The Love Bugs." This photo shows some AKA's of the past.

Other former Alpha Kappa Alpha's are Stacey Hawkins, Lisa Walker, Vanessa Jenkins, and Jennifer Sands.

The diversity of Chi Omega has shown throughout the year in sports, as well as academics. Having Rush first semester made everyone a little crazy, but all the hard work paid off when the sisters got to see all those new pledges running down to the Chi Omega House. The members of Chi Omega Fraternity have made their mark on the community, contributing greatly to many service projects, such as bell ringing for the Salvation Army, helping with a book drive, and making cookies for the Queens College Habitat for Humanity project. Many of the Chi Omega sisters worked at the sight of the building project helping build a home for a needy family in the Charlotte community.

Chi Omegas Ali Permakoff and Casey Cummings show off their "Halloween legs" for the bid night celebration.

Queens College

Kappa Delta

Kappa Delta Sorority was founded on October 27, 1897 in Farmville, VA and was the first sorority at Queens College to receive a charter. Kappa Delta's philanthropies include support of the National Committee to Prevent Child Abuse, the Children's Hospital in Richmond, VA., and orthopedic research grants. On the local level, Kappa Delta was involved with the Reading Festival at Selwyn Elementary School, Habitat for Humanity, and various other service projects. Kappa Delta is extremely proud of being the recipient of the "Greek House of the Year" award for two years in a row and hope to make this year a "Threepeat." It's not all work, though. Kappa Deltas spend lots of fun times together at the Beach, the mountains, and just hanging out together in our home at the end of the row. Also, they are so happy with their new sisters!!!!---AOT!

The sisters of Kappa Delta toast to another very successful RUSH on Sunday, October 31 after the traditional intimate White Rose Tea.

Kappa Delta's October 30 one night only production of "Into the Woods" was a hit with Rushees. The cast was extremely excited to see that their many hours of practice finally paid off.

These enthusiastic Phi Mu sisters gather for a snapshot before their traditional Saturday Rush Party rendition of "Pinky's Place."

New pledges, Mary, Kristina, Jen J., Van, Gwen, Liz, Becki, and Jen S. seem happy to have found their way home to the Phi Mu house on Bid Day

Sophomore Julie Janorschke is just "Bubbling" because she gets to hang out with her Big Sister, Diana Archer.

Phi Mu Fraternity was found in 1852 at Wesleyan College in Macon, Georgia. Their national philanthropy is the Children's Miracle Network. Phi Mu's all over the country work hard to support the CMN and to visit the children who are in the hospital. Locally Queens College Phi Mu's have shared in the Habitat for Humanity Project, the Queens College Phonathon and various other service projects. According to Edith Woodcock, a sophomore Phi Mu, "Phi Mu celebrated State Day in the fall and it was really neat to meet Phi Mu sisters from all over North Carolina." For fun, these ladies love to spend time together, go to mixers, and plan exciting activities such as Pink Carnation and the annual Luau.

These Baby Phi's, Jen Connolly, April Siegel, Susan Stabley, and Mary Moran are partying in Long Dorm!!

Keeron Emmanuel, a sophomore at Queens, is respected by his peers and stands out in the community as being a man of scholarship, leadership, and integrity.

David Patterson, a Senior majoring in Math and Computer Science, has also been a great leader on our campus, serving as a Resident Assistant and on the Admissions Core.

Robin Walker is proud to be "An Alpha Man." Robin is also a Sophomore leader and one of the men who started Alpha Phi Alpha on the Queens College Campus.

ALPHA PHI ALPHA

Perhaps the most impressive men to ever attend Queens College are now officially welcomed as members of Alpha Phi Alpha Fraternity, Inc. Keeron Emmanuel, David Patterson, and Robin Walker have worked long and hard to follow in the footsteps of some of the most respected men in the world, such as Martin Luther King, Thurgood Marshall, Duke Ellington, and W.E.B. DuBois and stand as brothers among David Dinkins (Mayor of New York City), Jesse Owens, and actor Darryl Bell.

Alpha Phi Alpha Fraternity was founded on December 4, 1906 at Cornell University in Ithaca, New York and was the first Greek-lettered fraternity founded by African-American collegiate men. The fraternity was founded by seven men, known as "The Seven Jewels" in a time of struggle for minority students, as well as all African-Americans. Alpha Phi Alpha has chapters in the United States, Europe, Africa, the Caribbean, and Asia. Their motto is: "First of all, Servants of all, We shall transcend all." Both nationally and locally, Alpha Phi

Alpha has proven to be an impressive organization.

Keeron, David, and Robin initiated into Alpha Phi Alpha Fraternity on November 30, 1993 and have since been officially recognized by the Inter-Greek Council and are entitled all rights and responsibilities of every Greek organization at Queens. One of their main goals is to promote a stronger sense of Greek unity on campus and to build their own chapter through new membership. Other plans include participation in the Adopt-A-Spot program, and in a Charlotte Mentor program through which the young men will become role models for at-risk children in the area. They have also been involved in the promotion of Black History Month at Queens, the Loaves and Fishes program, the Charlotte Homeless Shelter, as well as the Martin Luther King celebration. On a national level, Alpha Phi Alpha has many programs to further education and "to enhance the quality of life for all humanity." For example, the Go to High School . . . Go to College program encourages students to strive to-

ward higher education, while the Project Alpha Program (the first of its kind in the nation) educates young men about their role in preventing teen pregnancy.

The philanthropic work by the Greek organizations at Queens is remarkable and the community service programs supported by Alpha Phi Alpha are a wonderful addition to this host of charitable causes. Alpha Phi Alpha supports the United Negro College Fund, the National Urban League, the American Cancer Society, the American Heart Association, the Sickle Cell Anemia Foundation, Operation PUSH, and the NAACP, as well as providing housing assistance to those in need, and citizenship programs which encourage voter registration, using the motto, "A Voteless People Is A Hopeless People."

Through their many programs, Alpha Phi Alpha stands a leader among many Greek-based organizations in our country and we are very honored to welcome them as brothers into our Greek family here at Queens. Congratulations!

Is this a totem pole of some sort. These guys feel that they are equals and share in the duties of their offices.

It seems that things are looking up for the brothers of Alpha Phi Alpha. Left to Right: Robin Walker, David Patterson, and Keeron Emmanuel.

Determination helped these three young men achieve their goal of establishing a chapter of Alpha Phi Alpha Fraternity at Queens College. Congratulations!!

Kappa Sigma Fraternity

The group of men formerly known on campus as Sigma have made a few changes in the past year. Besides petitioning to receive their own charter of Kappa Sigma Fraternity, these guys have become an institution to the Greek life at Queens College. The brothers of Kappa Sigma helped in the Habitat for Humanity project,

the Charlotte Homeless Shelter, the Toys for Tots program, and started the Adopt-A-Spot program on campus which has been a great success. They're not all work, however. These men have held mixers at UNCC with the KO chapter of Kappa Sigma and had a Super Bowl Party with Queens' Pi Kappas. "Our

top priority," says the chapter Grand Master, T.R. Sanford, "is get a charter and then to get house." This group, whose motto started as "My Brother's Keeper," is a very impressive and promises to be a great asset to Greek life on campus.

K Σ

The Brothers Of Pi Kappa Phi

The HZ chapter of Pi Kappa Phi fraternity has remained active on campus now for three years. These brothers do many things for the community such as raise money for handicapped children and provide empathy training to Queens students, as well as other campus activities, such as the Adopt-A-Sport program.

Below — One of Pi Kapp's functions is to educate others about what it's like to be handicapped. Mike Murphy volunteered to sit in a wheelchair for a day to see how "accessible" Queens College really is and was featured in the "Paw Print."

Honor Council/CJB

The Queens College Honor Council is responsible for investigating and acting on any alleged violations of the Honor Code's academic pledge. The officer's for the 1993-1994 year were: Michell Holl — Pres., Travis Wallace — V. Admissions Core/Senate

The Queens College Admissions Core works closely with the Admissions office to show prospective students around campus and by telling these people what it is like to be a student at Queens. Sometimes they are asked to host a student overnight or to get up early in the morning to give tours of our campus.

The Student Senate is a self-governing body comprised of elected students from each class. These students serve as a liaison between the students and administration. Pictured L-R Seated: Andrew Brownfield, Dan Breece, and Trace Hogan. Standing: Marci Meier, Heidi Barbour, Courtenay Taylor, Susan Blackwell, Whitney Warnke, and Brandy Rowell.

Mortar Board is a national honor society for seniors. Membership into this elite group of fine scholars is very selective. Members from Queens pictured at right are (seated) Melanie Henderson, Christina Hamilton, Vernetta Bourroughs, Kim Lockett, (standing) Shelley Britt, Julie Oliver, Kara Wooten, and Tasha Ferguson.

The Janusian Order at Queens College is an honor society for Juniors who have maintained a 3.0 GPA or above, as well as excelled in the areas of scholarship, leadership, and community service. Some of those members, pictured here, are (seated) Diana Archer, Hope Yancey, Katie Porter, Wendy Kolvek, (standing) Ann Hilary Hanly, Becca Wilson, and Jill Jones.

Marshalls/Alpha Psi Omega

The honor of being a Queens College Marshall is bestowed upon the members in each class with the highest Grade Point Average. The Marshalls preside over convocations and other important gatherings. Pictured left to right are Caryn Madison, Kim Lockett, and Jennifer Huff.

These are familiar faces to the Queens community. We've seen these guys on the stage many times. The very first group of students at Queens to be inducted into the theater fraternity of Alpha Psi Omega, pictured right, are (seated) Kara Wooten, Brandy Rowell, Ryan Peterson, (standing) Danny Srivisian, Diana Archer, Lorraine Lackman, Rob Holt, and Robin Walker. Congratulations!

QEAC/BSU

This group of students became a much-needed organization on the Queens College campus this year with the goal of making students more aware of the importance of keeping our environment clean and healthy. The Queens Environmental Action Committee members include, from left to right, (seated) Lisa Butcher, Jenny Del Chiccolo, April Siegel, Kristina Dickinson, Rosalie Miklos, Billy Specht, and Calista Phillips. QEAC sponsored a recycling contest among the residence halls, offering pizza and movie passes to the dorm recycling the most paper and aluminum in February. Albright Hall won the contest!

Baptist Student Union is the organization that tries to get young adults to examine religion while spending quality time together, doing lots of fun things like pizza parties, bowling, and other various trips. Some members of BSU from Queens are (front) Robin Walker, (seated) Ann Hilary Hanly, Esther Kim, Amy Elliott, Nikkeia Kerr, Lisa Butcher, (Standing) Katie Porter, Becca Wilson, and Lori Beth Flowe.

Paw Print/Signet

The Queens College Newspaper had a lot of changes this year, including a name change. What was once the Queens Current is now the Royal Paw Print. The editors of the Paw Print, Brad Rowland and Dan Elmaleh (left) were partly responsible for the many changes.

The Signet is the literary publication written by Queens students. Crystal Pearson was editor of the Signet and staff members included Christa Jones and Lorien Johnson. Any Queens student who wishes to contribute to the Signet is welcome.

Special Feature on a Busy Club

COLLEGE UNION

College Union is the club at Queens that plans a lot of activities for our students. Tammy Green was President of this important organization for the year and helped a board of 10 members plan everything from concerts, lawn movies, and games during Homecoming weekend to major events like Casino Night, Carnival, and the Spring Formal. A special recognition goes to Wendy Kolvek for her extra hard work on Casino and Carnival. Without this club, there

wouldn't be as many activities on campus that appeal to a wide range of people.

In a survey we conducted, asking students what they thought about College Union, 76% said that College Union does a fair job in providing activities for a majority of students. The only thing some didn't seem to like was the acoustic guitar concerts — or, rather, so many of them. All in all, though, College Union seems to provide a great variety of fun for campus life.

Above — College Union even provided dinner entertainment, such as this concert in Morrison Cafeteria featuring this talented artist.

Left — The Reggae concert in the Trexler courtyard was a big hit with students who brought beverages to sit on the steps and enjoy the mood of the evening.

Pictured L-R: are Robin Morris, unidentified, Lisa Michelbach, Robin Walker, Jill Jones, Kathy Harwell, Jann VanWinkle, Becca Wilson, and Lisa Butcher.

Faculty and Administration Get Involved

Dean Gene Burton and Winnie Bryce serve the students Breakfast on Reading Day — the day before those dreaded Liberal Learning exams. This type of unselfish involvement with people like these is what makes Queens such a special place to live and learn.

Dan Breece, a Freshman Biology major at Queens learns that studying is the best part of the college experience . . . when you're finished studying, that is!

These ladies enjoy a picnic on the steps of Burwell following the Awards Day convocation.

Arriving back on campus, Katie Hickey was terrified to find her roommate, Amber Mabe, hiding behind the door with a drill!!!

Miss Tyra Cooper loves to strut her stuff on the tabletops of Morrison during the Step Show sponsored by Students For Black Awareness during Homecoming Week.

It's A Wonderful Life . . . At Queens College

Whether we're busy doing homework or performing various duties in clubs and sports organizations, Queens students are always prepared for a good time. For example, Junior Amber Mabe keeps her drill on hand at all times for the occasional roommate chase and Liesl White loves dressing up as a hippy-Chick. It really is a wonderful life!

Liesl White prepares for the Delta Sigma Phi "Disco Jam" held at the Pteradactyl Club. Kappa Delta, Alpha Delta Phi and Phi Mu sisters all had a great time!

What happened to Chris Kohler's hair? It looks as if Charles Morrow got crazy with the clippers again and shaved it off.

These Public Safety Officers are always willing to run to our rescue. That's why they all got new bikes this year — to help them get around campus more quickly.

These Queens College ladies take a break from their exam studies to enjoy the Annual Midnight on Ice excursion, which is usually held twice a year before exams. It looks like a pile-up!

Senior Tracy Whitten studies in her room in Wallace. Tracy is a Music Therapy major and is finishing up her work at Queens in January and plans to be a Music Therapist.

are to be admired. You are doing very well in
life and we love you very much!

Jhie, Holly, Amy, Susan, Jen, Beth;
We'll miss our awesome Seniors. Good luck
and may all your dreams come true. Always re-
member that you are an ADPi and we all "Live
for each other!"

Angie,
We have always believed in you. The key was
for you to believe in yourself and have the cour-
age to go after that dream. The world is out
there and its calling you. You have known this
for a while. And even though it will be difficult
to give you to the Air Force, I can sleep better at
night knowing you are making a difference to
keep this country a safe place to live.
We are so very proud of you, Angie Ensley!!!!!!
Oh, yeah, wear your sunglasses during gradu-
ation. The glow shining off me and your dad
will be enough to blind you.

Love,
Dad and Marie (MOM)

For Diane Mowery

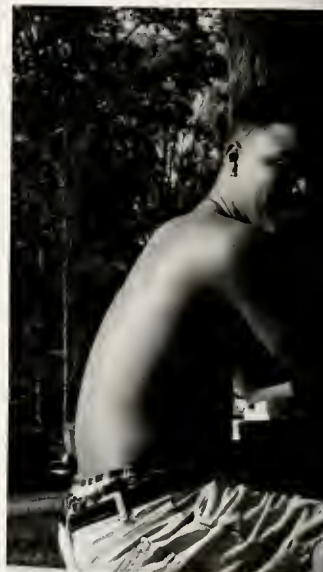

With all our Love

Diane Mowery has been more than just a teacher and chaplain — she has been a wonderful friend and confidante to many of us at Queens. We love you, Dr. Mowery. You have been sheer inspiration for this book. — Queens Students

There It Is!

It is finally finished and we hope you like what we've done with it. We never thought that putting together a little 160-page book would be so much work. But now we know and we just want to sit back and enjoy it with you.

*Signed
& Sealed
& Delivered*

The yearbook system at Queens College has been through many changes this year. By changing editors at the beginning of the second semester, we had to literally learn everything as we went along. We also had a new advisor, a new yearbook printing company, and an inexperienced editor and staff. Let us assure that if anything could possibly have gone wrong, IT DID! This has been a difficult, stressful year and I never realized just how much work goes into every single page in one of these books. Thousands of

hours of hard work, blood, sweat, and tears have brought you what we hope will be a keepsake to you for the rest of your life. Thank you, Brittany, for your work last semester. Thanks to Karen for being there and understanding my stress. Thanks to Hayxa, And Athena, and Tyra for the best sports section I've seen in a long time. Thank you, Jeanne Anne, Becca, and Amber for the Organizations section; Gavin, McRae for the Student Life section; JoAnn Mount for all your wonderful help; Shelley Britt for all those times of listening and just knowing exactly how I feel and a very special thanks to Susan Stabley for the photography help. You would not have done this without you. Thanks to Ryan and Kim for the advice and handling the business side of the yearbook. Well, here it is! Hope you like it!

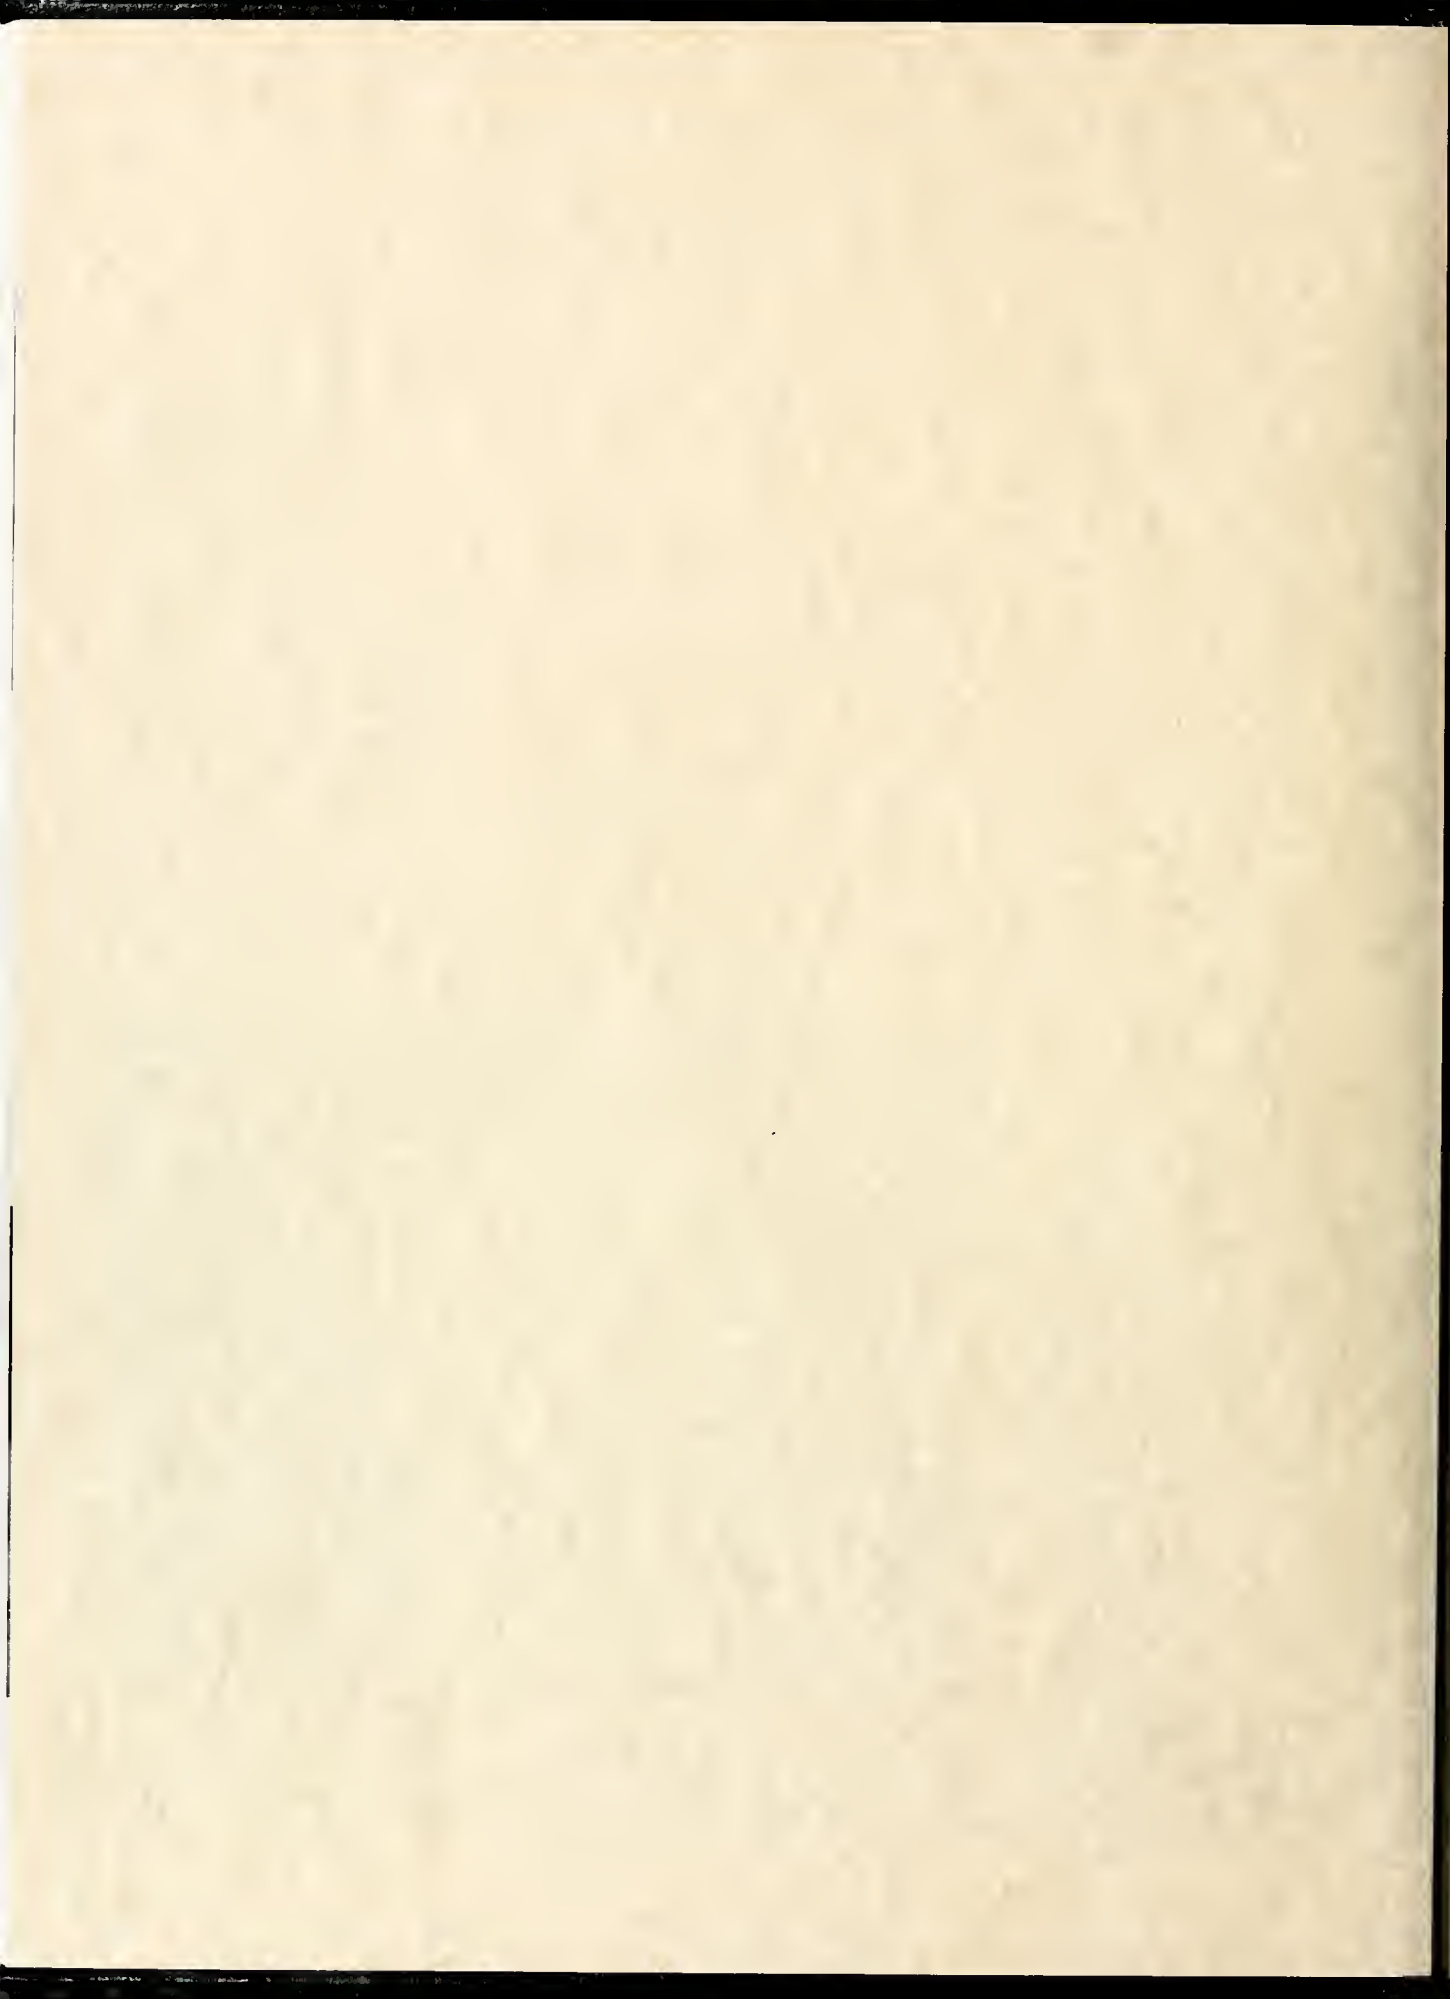

The 1994 Arete Staff: Gavin Rockstad, Becca Engle, Karen Shearer (Advisor), April Amos (Editor), McRae Fairey, Tricia Gilder, Jeanne Anne Baughman, Andrew Switzer, Athena Williams, Tyra Cooper, Hayxa Garrido.

What have I gotten myself into?!? I'm a Psychology Major, what am I doing here? Well, I thought it would be a fun thing to do in my spare time. What spare time? Thanks, guys, for making it worth it!
